

## JOB VACANCY FOREMEN

We currently require experienced foreman to work on a number of high profile contracts in Manchester and surrounding areas and all across the UK.

Requirements:

- Extensive knowledge of groundworks and civil engineering
- Excellent project management and interpersonal skills
- Must hold all associated training and certification
- Must be prepared to travel
- Full, clean driving license

Benefits include an attractive salary, company vehicles, paid holidays and continuous personal development on the job.

### **Submitting an application**
