

JOB VACANCY PROJECT MANAGER

We currently require a project manager to work on a number of large contracts across the UK.

Requirements:

- High level of experience in the industry
- Sufficient knowledge of civil engineering and groundworks
- Excellent organisational and management skills
- Qualification in project management preferable, but not essential
- Must be prepared to travel
- Full, clean driving license

Benefits include an attractive salary, company vehicles, paid holidays and continuous development on the job.

Submitting an application
